EPA 608/609-via Adult CTE or Auto, HVAC, or Plumbing programs

Vermont Adult Career & Technical Education Centers

17 Centers in Vermont

Info on each at vtadultcte.org

or

Contact the CTE that serves your high school.

Adult CTE Class Options in High School

Individual Classes

- A class typically lasting a few sessions to help the student gain skills required for a specific job. Examples range from computer based to hands on. Some examples include OSHA 10, CPR, First Aid and SERV Safe.

Short-Term Trainings which lead to Licensure

- Career-focused classes which lead to licensure. Examples include LNA, EMT, or CDL. These are intensive programs which require a combination of classroom and hands-on training.

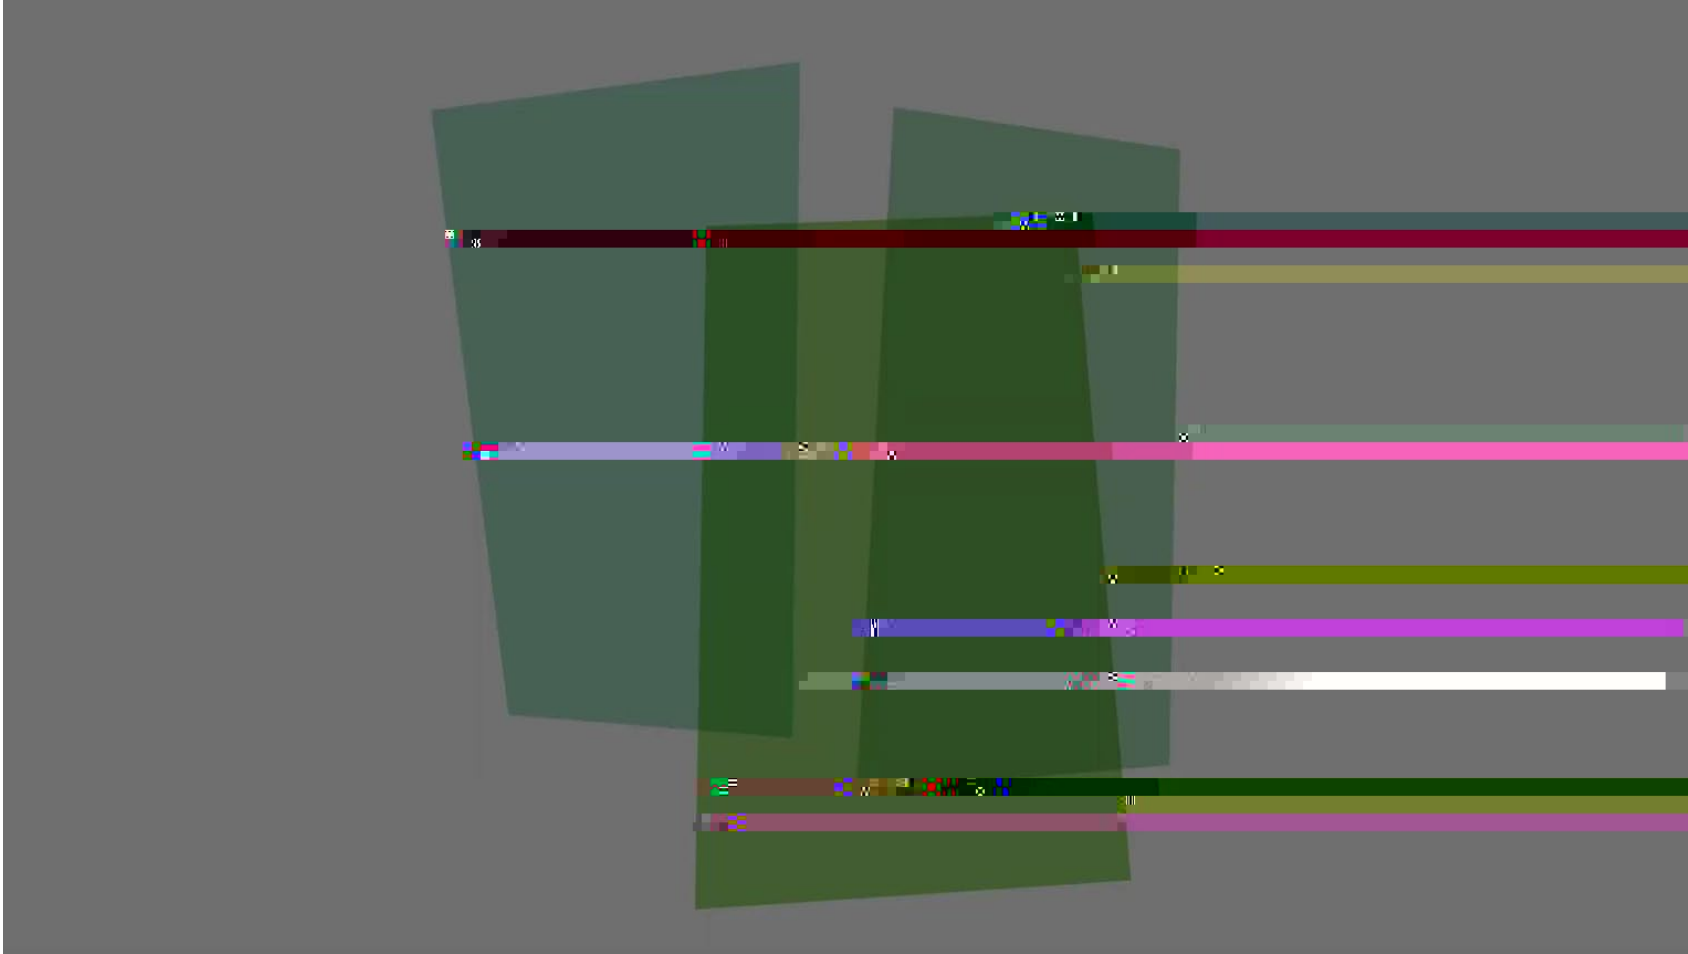

Certificate Programs

- A certificate program is a group of related courses designed to provide students with entry-level workplace skills in a particular field. Examples include Phlebotomy, Massage Therapy, Medical Billing and Coding, and Clinical Medical Assisting.

You can take an Adult CTE Class during OR after High School

VSAC Financial Resources for Graduates

The Vermont Advancement Grant - The Vermont Advancement Grant is intended to help Vermonters enhance job skills that improve employability or to provide students with an introduction to a post-secondary educational program. Up to \$3000 for billable tuition & fees in 24-25 academic year; or for courses over \$4000, maximum level at 75% of tuition and fees up to \$7500

The Curtis COV Training Scholarship - Can cover up to \$3000 for eligible students. SPECIFICALLY meant for students pursuing certificate programs and credentials of value. Students must work with an EOC counselor to be nominated for this additional funding.

The Vermont Grant – For those programs that qualify for Title IV (traditional college funding), a VSAC EOC counselor can assist you in understanding your financial aid options and apply for state and federal grants to help cover the cost of a training program.

As funds are available.
